Note: Data is compiled from all fire incidents reported to the Virginia Fire Incident Reporting System (VFIRS) for 2004-2008 as of 04/06/2009, and 2009 as of 02/08/2010. Data for 2009 is still considered preliminary. Aid given (mutual or automatic) incidents were excluded and fire exposure incidents were included with the numbers. Structure fires include incidents with incident type coded as 110, 111, 120-123 and with structure type codes as 1 or 2.

* Data for 2009 is considered preliminary since we are still receiving reports from fire departments and the data is not final. Caution should be exercised in releasing and comparing the numbers.
